What's new about Eipil-Pan ?

What's new for UK Companies?

In any size of company, Managers are important.

This applies to the support of Informal Learning as well as other aspects of the business.

Recognition of this importance has resulted in the development of a set of skills / knowledge / competences for managers in any business.

Any manager that can demonstrate that they possess these skills will be awarded the European Initiative for the Promotion of Informal Learning Certificate.

The evidence presented for this award can also be used for other UK Management Qualifications.

What's involved for a manager?

Will it entail a lot of work?

You will be able to collect the evidence as you do your daily work.

There are no courses to attend so you won't need time off work.

How will I collect my evidence?

You will be able to use objects such as photos, videos, statements from your colleagues and others you work with to show that you have the skills and knowledge. The project has a special and easy way for you to do this.
